

WEDNESDAY EVENING, SEPT. 5, 1894.

THE striking tailors of New York declare that the system under which they work is "worse than negro slavery." This makes people old enough to know any thing about negro slavery, smile. Why, negro slaves in the South were the most contented laborers in the tion of the democratic party in all the world; but few of them sought their freedom, of their own accord, when they had every opportunity for obtaining it. They preferred "the ills they had, rather than those they knew not of." And well they might; for they realized that their work was light, and they knew that from the time they received \$7,000, which would certainly were born until they were buried, the whole burden of their lives was upon their masters, from self interest alone, were as long as they were able to work, and were compelled by law to do so when they had grown old. The New York tailors might say that the system under which they work is worse than lest they be charged with being influthat of the "pauper labor" of Europe, but they expose their ignorance when ic Congressional campaign committee is they say it is "worse than negro slaythey say it is "worse than negro slav-

FROM WASHINGTON.

[Correspondence of the Alexandria Gazette. WASHINGTON, Sept. 5, 1894. While the general impression on the subject here is that Senator Stewart, in his relations with Mrs. Glascock, was not as circumspect as Jacob's favorite son, none credits her story that he took advantage of her while she was unconscious from a drug which he had administered.

Among the recent callers at the democratic headquarters in this city were State Chairman Ellyson of Virginia and Messrs. The democratic congressional cam-paign committee will shortly issue a statement showing that free raw wool under the new tariff law has advanced the price of the product in the United States, while it has decreased the price of foreign wool not only in this country

Rev. Ben. Gaston, who recently gave a personally-conducted emigration excursion from Atlanta to Liberia, was shot Monday night during a general fight in Hancock county, Georgia. Gaston has been in that town working up an emigration scheme. Two or three thousand negroes have become worthless idlers in consequence. They quit work and even refuse to take an interest in politics. A negro politician, named Jenkins, told the Gaston crowd that they were deluded. Gaston and his men got mad. Monday night there was a pitched battle between the two factions. Gaston was shot in the head. Six others were wounded, but none seriously.

Very little of interest can be reported from the wholesale markets to-day-prices generally are steady and business is said to be increasing considerably in volume, but most of the articles of merchandise and grain are being handled on extremely narrow margins. Flour is quiet with good receipts. Wheat is firmer with light offerings; sales still run from 48 for fair to 54 for the best longberry. 88 in bulk. Chickens are very dull at 9 to 11c per pound. Potatoes 50 to 60c per bushel. Butter, other Produce and Provisions are in very good demand.

CHICAGO CATTLE MARKET, Sept. 4. Power and Manufacturing Co., has a of cattle. The scattering lots of prime steers canal, with a capacity of 211,000 cubic feet per minute; and when the plans are fully carried out it will have a capacity of 462 000 cubic feet per minute. The former was quoted at \$1.2521,90, and the latter at \$1.50a4.75. From \$2 to \$2.50 bought the major part of the former, and \$2.40a2.70 the bulk of the latter. The sleep was fairly firm. Hog prices were up another point. They advanced to \$6.40 for prime heavy and to \$6.20 for choice assorted light. The influences that put up the prices a dollar a hundred during August are still in opera-tion, and the more sanguine of the bulls are now talking of \$7 as a price that is likely to be reached within the next few weeks. There was continued activity in the demand, and all of the 15,000 head received had changed hand at least only by the middle of the for-noon. From \$6 to \$6.25 was paid for the bulk of the 200 350-pound hogs, and \$5.90 a6 15 for lighter weights. A few poor sold at \$4. The close was easy. The sheep and at \$4. The close was easy. The sheep and lamb market opened active and firm, but the receipts proving larger than expected a weak-er feeling took possession. However, there was no quotable change, sheep selling on a basis of \$1a3.50 for poor to best, and lamb-being saleable at \$1.50a4.35. Few good fat muttons were offered, and most of the sales were below \$3.10.
